Vendor REF - RFG/1FP WHITE

Fire Retardant Sackholder - Removable Body
SKU - ENF48323197
Vendor REF - RFG/1RB WHITE

RFG-Metal range	70 Litre Removable Body
Wybone Code	RFG/1
Pedal Operated Metal Sackholder	70 Litre
Construction	
Metal sackholders consist of powder coated, galvanised steel lid, frame, feet & fixings and a plastisol (plastic coated steel) body	
Body	British Steel HP200 Plastisol body. Hot dipped galvanised with decorative protective finish, giving outstanding corrosion resistance. Conforms to Class 'O' Building Regulations, BS 476 Part 7 Spread of Flame and BS 476 Part 6 Fire Propagation. British Board of Agreement approved. Meets the requirements of HTM 05:03 - Fire Code - Fire Safety in the NHS.
Lid	Lightweight 0.9mm hot dipped coated galvanised steel to BSEN10327 grade DX51D + Z275 offering outstanding corrosion resistance
Frame	Easy clean sack retaining frame manufactured in 1.2mm hot dipped coated galvanised steel to BSEN10327 grade DX51 + Z275 offering outstanding corrosion resistance
Rod	Electrogalvanised 8mm diameter mild steel push rod
Castors	Integrated 50mm non-marking nylon fixed castors to rear of unit to aid manoeuverability and prevent damage/markings to walls
Pedal	15mm -16mm diameter electrogalvanised tubular pedal with powder coating for corrosion protection.
Foot unit	Sturdy foot unit manufactured in 1.5mm hot dipped coated galvanised steel to BSEN10327 grade DX51 + Z275 offering outstanding corrosion resistance with rubber feet to bottom to prevent marking on floors
Surface finish	
All steel parts electrostatically primed and powder coated with tough oven cured epoxy powder, with anti-bacterial (Bactiban) properties using Silver Ion technology and containing no volatile organic compounds	
Lids colour coded to comply with HTM 07:01 Safe Management of Healthcare Waste to aid the correct segregation of waste streams	
Product Dimensions	
Width (in mm)	426
Depth (in mm)	375
Height (in mm)	800
Additional Options	
Hands free frame (add //HF to end of Wybone code)	Hands free frame- prevents the lid being opened by hand to stop the spread of infection - can only be opened via the foot pedal
Removable Body (add /RB to end of Wybone code)	A removable body gives easy access to the whole bin easier to clean
Gas strut for soft closing lid (add /S/LID to end of Wybone code)	A gas strut is fitted to the back of the lid which allows the lid to close gently, reducing noise
Warranty	
Wybone products are manufactured to exacting standards using only the very best raw materials sourced from within the UK. Their integrity and construction ensures that our products will provide many years of trouble free operation. In the unlikely event that problems occur, our products are covered by: 1 year parts and labour. 10 years anti-perforation warranty.
