Capsule-Plastic range	28 Litre Capsule Plastic	42 Litre Capsule Plastic
Wybone Code	CAP/28	CAP/42
Capsule Plastic Sackholder	28 Litre	42 Litre
Construction		
Capsule Plastic sackholders consist of a plastic lid, body and foot unit and powder coated, galvanised steel fixings		
Body	British Steel HP200 Plastisol body. Hot dipped galvanised with decorative protective finish, giving outstanding corrosion resistance. Conforms to Class 'O' Building Regulations, BS 476 Part 7 Spread of Flame and BS 476 Part 6 Fire Propagation. British Board of Agreement approved. Meets the requirements of HTM 05:03 - Fire Code - Fire Safety in the NHS.	
Body Options Available	Fixed Body Removable Body	
Lid	Injection moulded ABS lid with injection moulded 2 part hinges with smooth, easy clean surfaces	
Frame	Injection moulded ABS handsfree frame with smooth, easy clean surfaces	
Frame Options Available	Handsfree - Foot Operated Standard - Hand and Foot Operated	
Rod	Electrogalvanised 8mm diameter mild steel push rod	
Castors	Integrated 50mm non-marking nylon fixed castors to rear of unit to aid manoeuverability and prevent damage/markings to walls	
Pedal	15mm -16mm diameter electrogalvanised tubular pedal with powder coating for corrosion, scratch and abrasion protection.	
Uprights	Glass filled PVC extruded uprights fitted to the base and hinge	
Base	Injection moulded 2 part ABS foot unit with integrated leak proof tray to catch any spills with smooth, easy clean surfaces	Injection moulded ABS foot unit with smooth easyclean surface
Surface finish		
All steel parts electrostatically primed and powder coated with tough oven cured lead free epoxy powder, with anti-bacterial (Bactiban) properties using Silver Ion technology and containing no volatile organic compounds		
Lids and bases colour coded to comply with HTM 07:01 Safe Management of Healthcare Waste to aid the correct segregation of waste streams		
Product Dimensions		
Width (in mm)	250	485
Depth (in mm)	355	383
Height (in mm)	675	573
Additional Options	Add S/LID to end of product code	
Gas strut for soft closing lid	A gas strut is fitted to the back of the lid which allows the lid to close gently, reducing noise	
Warranty		
Wybone products are manufactured to exacting standards using only the very best raw materials sourced from within the UK. Their integrity and construction ensures that our products will provide many years of trouble free operation. In the unlikely event that problems occur, our products are covered by: 2 year parts and labour.
