- ✓ Eco-labeled diapers with double leakage barriers and convenient wetness indicator
- ✓ Light, breathable and super soft on baby's skin
- ✓ Top quality performance
- ✓ Designed to minimize the risks of allergy and diaper rash

Product Description

Bambo Nature is committed to providing comfy, absorbent diaper for your child but also to caring for the environment during our manufacturing process. Our diapers are produced with renewable energy (covered by renewable energy certificates) in our Danish production site. And at the same time, we ensure that our Bambo Nature diapers are completely free of dangerous chemicals and perfumes to minimize the risk of allergy and diaper rash. Our environmental commitment also extends to our diaper packaging, which consists of 30% post-consumer recycled plastic. The recycled materials originate from consumer household plastic waste, which is carefully cleaned and sorted by grade. The packaging should be recycled with other plastic waste. Our Bambo Nature diapers are FSC™ (Forest Stewardship Council), Nordic Swan, dermatologically tested and Asthma Allergy labeled. Bambo Nature – Because you care.

Nordic Swan Ecolabel is an official Scandinavian environmental label. Products with the Nordic Swan Ecolabel meet stringent environmental requirements with regard to raw material, production, use, documentation, and safety.

FSC™ (Forest Stewardship Council) is an international non-governmental organization dedicated to the promotion of responsible forest management worldwide. FSC™-certified products are made from raw materials from well-managed forests and responsible sources. The label's traceability and integrity are upheld through stringent control measures, and by choosing FSC™-certified products, you help take care of forests and the people and wildlife that call them home. For more information, go to www.fsc.org.

OEKO-TEX, also known as "Confidence in Textiles", is a health and environmental label used worldwide. The certificate ensures that textiles do not contain substances that are harmful to health or the environment.

Products with the Vegan Society certificate do not contain animal substances and are not tested on animals.

Asthma Allergy Nordic is a proof of the product being recommended by the experts from Asthma-Allergy Nordic. Products with the label do not contain perfume, and they pose a minimal risk of skin allergy development.

Your guarantee that our products have been tested for ingredients which can potentially cause skin irritation. Tests conducted by an independent third-party laboratory.

Flexible side panels with added elastics for easy application. A snug and secure fit supporting all body shapes.

Effective leakage barriers, both visible and invisible and latex-free elastics ensure a snug fit, which reduces the risk of leakages.

Wetness indicator is a liquid-sensitive strip that changes colour or fades out indicating when it is time to change the product.

The bag is 30% PCR, which means made from plastic materials used by consumers. This will allow us to reduce our plastic waste and to help take care of the environment.

The product is fully breathable for the comfort of the user; also during long-time use. Helps maintain skin integrity.
