

Product composition and safety sheet

1. Product identification

Supplier Name:	Polyco Healthline Ltd.
Supplier Address:	South Fen Road, Bourne, Lincolnshire, PE10 0DN, UK.
Product Brand:	Shield 2
Product Description:	Powder free clear vinyl gloves
Product Code:	GD09
Contact Details:	+44 (0) 33 3320 8550

2. Hazard identification

Classification under CLP: This product has no classification under CLP.

Label elements: This product has no label elements.

PBT: This product is not identified as a PBT/vPvP substance.

3. Composition

Chemical Name	CAS Number
Polyvinyl Chloride	9002-86-2
Di-isononyl Phthalate	28553-12-0 / 68515-48-0
Calcium-Zinc Stabiliser	101316-71-6 / 1592-23-0 / 557-05-1 / 6683-19-8
Organic Hydrocarbon	64742-47-8
(2,2,4-Trimethyl-1,3-Pentanediol Disobutyrate)	6846-50-0
Tris(2-ethylhexyl) benzene-1,2,4- tricarboxylate	3319-31-1
di-(2-ethylhexyl) adipate	103-23-1
Polyvinyl chloride methyl acrylamide	25777-71-3 / 40471-03-2
Polyurethane emulsion	9009-54-5

Safety information

Skin Contact: None under normal conditions of use.

In case of fire:

Flammability: Combustible at high temperatures.

Product of combustion: Once ignited vinyl will continue to burn releasing dense smoke the products of decomposition are hazardous and consist of carbon dioxide, carbon monoxide, and hydrocarbons.
