Construction Tiles

藝磚逸瓦

*This is the city view that we are familiar with.*

This traditional cityscape is less common nowadays.

*Oriental traditional architecture is filled with wisdom and aesthetics.*

*The design inspiration comes  
from Oriental wisdom and aesthetics.*

# Roof Tiles

The beauty of tile layers

# Upturned Eaves

The symbol of long-lasting wealth

# Hollowed-out Windows

The hollowed-out design provides ventilation while creating beautiful lights and shadows.

## Carved Column and Artistic Tiles

The artistic patterns not only represent safety  
but also are *symbols of blessing*.

Let's show our children the **traditional wisdom**  
and **aesthetics in the Weplay way!**

Weplay KC0006

# Construction Tiles

Wavy design for smart storage

## Unique Color Combination

Brick red, tangerine orange, and stone grey.

Demonstration  
Of  
Oriental architecture

Tell your own story  
with your creation.

# Learning through Play

- Design concepts incorporate Oriental architecture. Weplay Construction Tiles provides a sense of beauty through wavy tiles, hollowed-out windows, and carved columns. The textured surface on the Tiles brings an enjoyable tactile quality.
- Brick red, tangerine orange, and stone grey Construction Tiles can be made into delicate decorative objects. Adults and children enjoy the process of creating structures together.
- Weplay Construction Tiles is easy to play with due to the large sizes and geometric shapes. From playing on the tabletop to creating the structures on the floor, Weplay Construction Tiles offers various ways for constructive play that improve children's fine motor skills.
- Triangle Tiles with upturned designs at the two ends can build a roof easily with the other Tiles. With four 45-degree notches, Square Tiles provides more different construction possibilities. Creating different structures by playing Weplay Construction Tiles practice spatial ability.
- Playing with lights and natural elements adds more scenarios and makes the storytelling more creative.
